THE MANAGEMENT BY OBJECTIVES: MBO

Focusing on well-defined objectives is essential for the company’s project to be successful and for the employees’ professional development.

The Management by Objectives (MBO) program revolves around achieving objectives that were previously set. Therefore, it is crucial that the organization’s staff, regardless of the position they hold in the organization chart, is completely informed and aware of the objectives in order to direct the tasks and achieve those objectives.

These program’s benefits have a great impact within the organization and offer great advantages for high and mid-level managers.

CUSTOMIZATION

The Management by Objectives is customizable to the needs, competency models, culture and preferences of each company.

PARTICIPANT’S PROFILE

The Management by Objectives is aimed at companies of all sizes and all sectors.

LANGUAGES

The Management by Objectives can be taught in spanish, english, french and portuguese.
